## Proposal

For my senior project, I intend to animate and recreate a scene from the movie *Ferris Bueller's Day Off*. This scene I will be recreating is a scene where Ferris gives step-by-step instructions on how to convince your parents you are sick in order to skip school. My goal in this is to create an amusing video that will hopefully do justice to one of my favorite scenes from a person favorite movie of mine.

## Presentation

This scene recreation will be a hopefully high-res video to be seen on a TV setup using an HDMI cord from a computer.
